

This Fact.MR study delivers a comprehensive analysis of the controlled substances market, along with a detailed & accurate forecast of the market between the period 2018 and 2028. Key aspects affecting growth of the controlled substances market have been analyzed and their degree of impact on demand for controlled substances worldwide have been evaluated. The report further highlights macro- and micro-economic factors influencing growth of the [controlled substances market](#) worldwide. Key inclusions in the report have been detailed below.

Chapter 1 - Executive Summary

This chapter offers a succinct view of key trends, leading segments, and global values of the controlled substances market, along with important market numbers associated with the controlled substances market. Technological roadmap, demand side trends, and supply side trends, in the controlled substances market have been highlighted in this chapter.

Chapter 2 - Controlled Substances Market Overview

This chapter offers a quick introduction to the controlled substances market, along with the formal definition of the targeted product – controlled substances. Key segments identified in the controlled substances market have been methodically represented in the form of a taxonomy table. Scope of the report and limitations for the players in the controlled substances market have also been analyzed in this chapter.

Chapter 3 - Controlled Substances Market Trends

Key regional trends impacting the growth of the controlled substances market have been examined and their impact on the regional players. In addition, significant promotional strategies of the players operating in the controlled substances market have also been assessed in this chapter.

Chapter 4 - Key Success Factors

This chapter includes intelligence on the regulatory scenario, drug abuse statistics in the US and European Union, and drug abuse epidemiology, linked with the controlled substances. Information on pipeline assessment, marijuana statistics, medical marijuana patent filings, and medical marijuana value chain analysis, has also been included in this chapter.

Chapter 5 - Controlled Substances Market Demand, Analysis & Forecast

This chapter offers important numbers associated with the controlled substances market, including the historical market value, current market value, and value projections for the forecast period in US\$ Mn. Analysis on Y-o-Y growth, and absolute dollar opportunity for the controlled substances market has also been delivered in this report.

Chapter 6 - Controlled Substances Market Background

Macroeconomic factors, forecast factors, and dynamics of the controlled substances market have been highlighted in this chapter.

Chapter 7 - Controlled Substances Market Analysis & Forecast by Drug Class

This chapter offers a detailed assessment of the controlled substances market on the basis of drug class. Opioids, stimulants, depressants, and marijuana are key drugs identified and analyzed in the report.

Chapter 8 - Controlled Substances Market Analysis & Forecast by Application

This chapter offers a comprehensive assessment of the controlled substances market on the basis of application. Attention-deficit/hyperactivity disorder (ADHD), depression, pain management, anxiety, seizure, cough suppression, and sleep disorders, are key application areas of controlled substances examined in the report.

Chapter 9 - Controlled Substances Market Analysis & Forecast by Distribution Channel

This chapter provides an exhaustive assessment of the controlled substances market on the basis of distribution channel. Most significant distribution channels for controlled substances as identified in the report include institutional sales (hospitals, clinics, and rehabilitation centers), and retail sales (retail pharmacies, and ecommerce/mail order pharmacies).

Chapter 10 - Controlled Substances Market Analysis & Forecast by Region

This chapter lists key regional markets assessed for controlled substances. Historical market size and forecast market size for these regional markets for controlled substances have been delivered in this chapter. Key regional markets analyzed for controlled substances include North America, Latin America, Europe, Middle East & Africa, South Asia, East Asia, and Oceania.

Chapter 11 - North America Controlled Substances Market

The controlled substances market in North America has been analyzed in detail in this chapter. Key countries assessed in the North America controlled substances market include Canada and the US. Market attractiveness analysis on the basis of drug class, application, distribution channel and country, of the controlled substances market in North America, has also been offered in this chapter.

Chapter 12 - Latin America Controlled Substances Market

This chapter assesses the controlled substances market in Latin America, and highlights key trends affecting growth of this regional market. Key countries identified and analyzed in Latin America controlled substances market include Brazil, Mexico, and rest of Latin America.

Chapter 13 - Europe Controlled Substances Market

The controlled substances market in Europe has been analyzed in detail in this chapter. Key countries assessed in the Europe controlled substances market include Germany, Italy, France, the UK, Spain, Russia, BENELUX, and rest of Europe. Market attractiveness analysis on the basis of drug class, application, distribution channel and country, of the controlled substances market in Europe, has also been offered in this chapter.

Chapter 14 - South Asia Controlled Substances Market

This chapter assesses the controlled substances market in South Asia, and highlights key trends affecting growth of this regional market. Key countries identified and analyzed in South Asia controlled substances market include India, Thailand, Indonesia, Malaysia, and rest of South Asia.

Chapter 15 - East Asia Controlled Substances Market

This chapter assesses the controlled substances market in East Asia, and highlights key trends affecting growth of this regional market. Key countries identified and analyzed in East Asia controlled substances market include China, Japan, and South Korea.

Chapter 16 - Oceania Controlled Substances Market

This chapter analyzes the controlled substances market in Oceania, along with the provision of the

market size & forecast, and market attractiveness analysis in key countries analyzed in the Oceania controlled substances market.

Chapter 17 - Middle East & Africa Controlled Substances Market

This chapter assesses the controlled substances market in the Middle East & Africa, and highlights key trends affecting growth of this regional market. Key countries identified and analyzed in the Middle East & Africa controlled substances market include South Africa, North Africa, Turkey, GCC countries, and rest of Middle East & Africa.

Chapter 18 - Emerging Countries Controlled Substances Market

The controlled substances market growth and prospects in emerging countries have been assessed in the report, which include South Africa, India, and Brazil.

Chapter 19 - Controlled Substances Market Competition Analysis

This chapter offers a detailed assessment on the competition scenario of the controlled substances market, along with a dashboard view of key players identified in the report. Key players operating in the controlled substances market include Cambrex, Patheon, Consort Medical, Cayman Chemical, AMRI, Siegfried AG, Johnson Matthey, Noramco, Inc., SAFC/Cerilliant, Mallinckrodt plc, Teva Pharmaceuticals, Inc., Takeda Pharmaceutical Company Limited, GW PHARMACEUTICALS PLC, Canopy Growth Corporation, The Peace Naturals Project, and CANNABIS SATIVA, INC.
